Course Overview and Intended Audience

The 2024 ASER Annual Meeting will provide a broad overview of current state-of-the-art imaging techniques to evaluate the acutely ill and injured patient. Educational sessions covering the latest advances and trends in emergency and trauma radiologic diagnosis and sessions presenting new and original scientific work are included. The meeting provides an opportunity to meet with international colleagues and discuss new and challenging aspects of emergency and trauma imaging. The meeting is of particular interest and importance to clinical radiologists, both in the community and academic centers, delivering emergency care. Subspecialists in emergency radiology, neuroradiology, musculoskeletal radiology, chest and abdominal radiology, radiology residents and fellows, and emergency physicians at all levels of training will also find the educational and scientific material presented at the ASER meeting essential to their core and on-call knowledge base.

CME Accreditation and Credit Designation

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and American Society of Emergency Radiology. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Amedco Joint Accreditation #4008163.

Physicians (ACCME) Credit Designation

Amedco LLC designates this **live activity** for a maximum of **29.50 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Amedco LLC designates this **enduring material** for a maximum of **37.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Dual Energy CT Hands-On Workshop

Friday, September 13 • 1:30 – 4:30 PM

Three hours of case-based supervised instruction on problem solving individual cases to improve dual energy CT image diagnosis. Please note that there is an additional \$175 USD registration fee for this workshop and participation is limited. Only ASER meeting registrants are eligible to register for a hands-on workshop. This workshop would not be possible without the support of GE Healthcare, Philips Healthcare, and Siemens Healthineers.

Return On Your Investment

Consider the benefits received from attending this meeting:

- Top-Quality Education: A wide-ranging educational experience reflecting the latest advances in emergency radiology.
- Networking: Opportunity to grow professionally while building relationships with your peers.
- The Registration Fee Includes: teaching materials, instruction, Welcome Reception, Annual Awards Ceremony, continental breakfasts, coffee breaks, and awarding of *AMA PRA Category 1 Credits™*.
