Annual Meeting October 6-9, 2025

Sheraton Denver Downtown • Denver, Colorado

ASER2025

AMERICAN SOCIETY OF EMERGENCY RADIOLOGY

October 6-9, 2025

Sheraton Denver Downtown • Denver, Colorado

INVITATION

Dear Esteemed Industry Colleagues,

We are delighted to invite you to join us for the upcoming American Society of Emergency Radiology (ASER) Annual Meeting in Emergency and Trauma Radiology at the Sheraton Denver Downtown on October 6 - 9, 2025. ASER is dedicated to improving the diagnosis and treatment of acutely ill or injured patients through medical imaging and advancing education and research in Emergency Radiology. The annual ASER Meeting is a dynamic and collaborative forum that draws leading experts in Emergency Radiology from around the world to present critical topics such as disaster planning and preparedness, optimizing workflow efficiencies, and trauma protocol optimization. The 2025 ASER meeting program will provide comprehensive didactic and interactive sessions covering the latest advances and trends in emergency and trauma radiology, including state-of-the-art imaging techniques, and introduce new and original scientific work.

The Meeting is highly relevant to all radiologists who are involved in emergency medical care in all practice settings, community and academic. In addition to Emergency Radiologists, generalists, subspecialists in Neuroradiology, Musculoskeletal Radiology, Body Imaging, and Pediatric Radiology, residents and fellows, and Emergency Physicians at all levels of training will find the educational and scientific material presented at the ASER annual meeting invaluable.

This meeting offers a unique opportunity for your organization. Attendees will include a diverse range of professionals, from trainees and Radiology residents to department chairs and leading experts – representing the full spectrum of the Radiology community. Your participation will allow you to connect with this influential audience, showcasing your company's latest technologies and services to those who are shaping the future of Emergency Radiology.

We greatly value the critical role our industry partners and technical exhibits have played in the success of our Meetings. We welcome you to partner with us to elevate and raise awareness around your company's brand, educate attendees on your company's portfolio of products and services, and create valuable connections.

Thank you for considering our request for participation. We look forward to your receiving your commitment.

Our Executive Directors, Angie Guy, can assist with any questions you may have. She can be reached at angie@amc-texas.com.

With Warm Regards,

Clint Sliker, MD, FACR, FASER
