# ASER2026

AMERICAN SOCIETY OF EMERGENCY RADIOLOGY ANNUAL MEETING

October 5-8, 2026

Embassy Suites by Hilton Nashville Downtown • Nashville, TN

## INVITATION

Dear Esteemed Industry Colleagues,

On behalf of the American Society of Emergency Radiology (ASER), I invite you to partner with us at the 2026 ASER Annual Meeting in Emergency and Trauma Radiology, scheduled for October 5–8 in Nashville, Tennessee, organized by Jen Uyeda and Marc Camacho.

ASER is committed to enhancing the diagnosis and treatment of acutely ill or injured patients through medical imaging and to advancing education and research in emergency radiology. Our Annual Meeting serves as a dynamic, collaborative platform where leading experts discuss important topics—from disaster planning and preparedness to workflow optimization, technology updates, and trauma protocols—via comprehensive didactic and interactive sessions, including new scientific work and state-of-the-art imaging techniques.

This meeting is highly relevant to radiologists in all practice settings—community and academic—as well as to generalists, subspecialists (such as neuroradiology, musculoskeletal, body, and pediatric), residents and fellows, and emergency physicians. **Your participation connects you with decision-makers and emerging leaders across the entire radiology community, providing an excellent platform to showcase technologies, services, and solutions that help shape the future of emergency imaging.**

We greatly value the role our industry partners and technical exhibits play in ASER's success. In addition to visibility at the Annual Meeting, we invite you to explore year-round engagement through the ASER Learning Academy, the central hub for high-impact education featuring past annual meeting sessions, monthly subspecialty lectures, case reviews, and CME activities—an excellent avenue to sustain brand presence with our members between meetings.

We welcome your partnership to elevate awareness of your portfolio, educate attendees, and build meaningful connections.

Thank you for considering corporate support for ASER 2026. For questions or to confirm your participation, please contact our Executive Director, Angie Guy, at [angie@amc-texas.com](mailto:angie@amc-texas.com).

With Warm Regards,

Felipe Munera, MD, FASER
